Self-check — Control — Hold the Gain and Hand Over

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	One control measure is chosen and the reason for choosing it is stated.	CONTROL	
2	The control plan names a measure, a target, a frequency, a place and ONE owner.	CONTROL	
3	The reaction plan says what to DO, not 'investigate' or 'escalate'.	CONTROL	
4	The group can name the day in week 3 their plan would have triggered on.	CONTROL	
5	The visual board shows a run of the measure, not just today's number.	CONTROL	
6	The SOP is numbered steps with a done/not-done check.	CONTROL	
7	The one-page summary tells the complete DMAIC story and names the process owner.	CONTROL	

Debrief check

Every group can show a control plan naming a measure, target, frequency and a single named owner; a reaction plan that says what to DO; and a one-page summary telling the complete DMAIC story from problem to named handover.
