Date	

Self-check — Analyze — Find the Root Cause

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	The 5 Whys chain ends in something the team can actually act on.	ANALYZE	
2	The chain blames a process, not a named person.	ANALYZE	
3	Every Fishbone cause sits under one of the five categories.	ANALYZE	
4	The vital few are named, with the cumulative percentage quoted from the Pareto.	ANALYZE	
5	Each cause is labelled common cause or special cause.	ANALYZE	
6	Every shortlisted cause is backed by a stated observation, not an opinion.	ANALYZE	

Debrief check

Every group can show a 5 Whys chain ending in an actionable process cause, a Fishbone with causes sorted into the five categories, and two or three shortlisted causes each backed by a stated observation.
